\$65 - PWCNJ Member

\$75 - Non-member

PWC: Beginning with a dozen women in 1980, Professional Women in Construction (PWC) was founded to advance professional, entrepreneurial and managerial opportunities for women and others in the construction industry. Today, more than 600 members turn to PWC for seminars and networking events that facilitate business interactions. PWC's members include general construction and specialty contractors, A&D firms, environmental services companies and suppliers. PWC is a nonprofit, 501(c)3 organization.

PWCNJ: The New Jersey chapter of PWC provides a means for NJ-based contractors, located throughout the state, to network with other NJ-based construction industry professionals to forge profitable business relationships. Members will be able to participate in the activities of all PWC chapters.

Sponsorships are available. For more information, please call Mary Ellen Gervasini at 732-578-0700.
